News from Blue Heron

News here at Blue Heron is very scarce but I do want to write about something that is bugging me. Why is Jensen Beach the step-child as far as the Southern Bell Telephone Co. is concerned? If anyone knows the secret code. Why would ever think of looking for a phone number for Jensen Beach under the heading of Hobe Sound? Received word that Pete and Nellie Turner and the here for occupy their new mobile home for a short time. Then will be back to stay a while at Nine. Their daughter and two grandchildren are here with them at this time.

The Campbell family have returned home here in Blue Heron from their vacation and report a nice trip. Reports that they had a nice time visiting and enjoying many of the attractions and places of interest. They report a nice trip. Mr. and Mrs. Campbell are the parents of [illegible]

No. Indian River Dr. Jensen Beach

NO BIKE TRAIL: Indian River Drive in Jensen Beach must be shared by bike riders, motorists and pedestrians. Riding a bicycle or walking along the road is dangerous and cars must move to the other lane as shown in this photograph, creates a dangerous situation. The bike rider is Brenda Pauls who rides her bicycle from home to work each day along Indian River Drive. The 15-year old Martin County High School sophomore says a sidewalk bike trail is needed along the drive.

Spinney protests plan

JENSEN BEACH — A request by the U.S. Defense director A. Keator to install a siren alert plan throughout the county has been protested by Jensen Beach Fire Chief Randolph Spinney.

The plan is called a "warning boggle" by Spinney who has been a long time critic of Keator's operations of the Civil Defense.

"I believe that the people of Jensen Beach are pleased that the siren is not there in case of fire as they [illegible] past years," but new alerting system, Spinney said. "I [illegible] those who have joined the firemen and are active in civic affairs [illegible] spirit," he said. The Mirror.

The chief presented the plan before the county commission and [illegible] support from the board.

The sirens are the ones from the [illegible] after the base closed nearly three years ago. The original purpose of sirens was according to Spinney, to warn [illegible] of fire. The sirens are a [illegible] system and were [illegible] siren.

The newest things happen [illegible] Defense presses the alert button for Tropical Storms and the Jensen Beach siren blows. If [illegible] presses the Port Saverno button and Palm City blows. The siren system is [illegible].

He added that the siren in Jensen [illegible] people half [illegible] a fire and that [illegible] hours of sleep [illegible].

The chief said [illegible] plan [illegible] system calling for the new alerting system [illegible] to [illegible] and the [illegible] Department.

Jensen Beach has [illegible] Directors [illegible] of the fire department [illegible] the system [illegible] the [illegible] fire [illegible] service.

Spinney asked that [illegible] residents [illegible] the [illegible] posal of Keator [illegible] county communications [illegible] wants to have the sirens used [illegible] a disaster situation.

[illegible] the siren should be [illegible] only when we have a disaster and on a short test [illegible] every Saturday at noon," he said.

My Sun Bank has all the conveniences of home. If I have a complaint, it's that the only thing I've never managed to get at my Sun Bank is breakfast. Over medium, please.

Sun Bank

Sun Bank's representative made a personal visit to my home when I was transferred here. She didn't pressure me to become a depositor but informed me about the community. Sort of a welcome wagon approach. I was so impressed that I went right to the bank and opened my account.

schools to use to certify enrollment.

Previously part of these was a separate step for students in schools.

The package also will tell veterans their remaining Bill eligibility time, counseling and tutorial services have to apply for educational assistance and the courses that may be counseled for training.

Under this new concept veterans can complete the application and present it along with the VA school certificate at the time of registration. The school will then complete the enrollment portion and forward the entire package to VA for processing. The first benefit checks should be received shortly thereafter. When veterans request advance payment of the application forms, checks will be waiting at the institution for delivery upon registration.

Schools with approved courses for veterans have been notified of the new form and procedure.

F.I.T. damaged by fire

JENSEN BEACH — An estimated $6,000 damage resulted from an early Thursday morning fire at Florida Institute of Technology in Jensen Beach.

A user of the 2:54 a.m. alarm was attributed to a short circuit in the main switch box. Jensen Beach Fire Department firefighting and rescue personnel responded to the alarm. Handicap sprinklers were installed there.

It was a hundred thousand sprinklers.

Although the fire was extinguished within minutes through the use of its own sprinkler system, the Jensen Beach fire department remained at the scene for over an hour using water to cool off the adjacent area.

Cook of the Week

BY RUTH BOWMAN

JENSEN BEACH—Did you ever have Porcupine Meat Balls? Don't shudder, they are made with hamburger and rice. The rice swells during cooking, sticks out all over the meat balls and they look like little porcupines.

The dish can be prepared in a covered skillet on top of the stove or put in the oven as a casserole. One pound of ground meat serves four persons generously, all that is needed to complete the meal is a salad. If you want to serve six, add an extra vegetable, hot crisp bread and the salad.

Porcupine Meat Balls are delicious, easy to prepare, good enough for a company meal and most important, they are economical.

When your bottle of catsup gets low rather than struggle to get the last couple of tablespoons out of it, I add a bit of water or vinegar and keep it in the refridgerator. This I use in casseroles or to thin mayonnaise for a salad dressing.

PORCUPINE MEAT BALLS
1 lb. ground beef
1 small diced onion
½ cup regular rice, not instant
1 lb. can tomatoes
½ cup left-over catsup, tomato soup or tomato juice
2 dashes tabasco
1 tsp. each sugar and salt
pepper to taste

Mix meat, onion, rice and seasoning. Form into 16 to 20 small balls, place in hot skillet. These do not have to be browned as they will cook for about 40 minutes. Add tomatoes, catsup and tabasco. Stir gently, cover tightly and cook at very slow simmer for 30 to 40 minutes. Check and add more tomato juice if needed as it cooks.

With this I serve shredded green cabbage and carrot salad, ice tea and hard rolls.

The Mirror welcomes recipes. "You just love to cook." If you have one to share, please call me at the office, 334-4333, or at my home, 334-4502.

Because of Labor Day, the executive board meeting will be held Sept. 10 at 11 a.m. followed by the regular meeting at 1 p.m.

JENSEN BEACH—Mrs. Lyndon Sebright, 212 Hickory Ridge Rd., and son Jerry, have returned home after visiting her mother, Mrs. John Martin of Wyandotte, Mich., and visiting Mrs. Sebright's daughter, Mrs. Francis White of Laurel, Md.

Wayne Sprague enlists in Navy

JENSEN BEACH—Wayne E. Sprague, son of Mr. and Mrs. Edward P. Sprague of Hilltop Court, has enlisted in the U.S. Navy.

A 1973 graduate of Martin County High School, Sprague enlisted under the provisions of the Navy's delayed enlistment and specific school guarantee program according to Chief Ellis Abrams and Petty Officer Dennis Roberts, U.S. Navy recruiters, Fort Pierce.

Sprague chose to train as a Navy hull technician, working with fabricating and repairing all types of metal structures in the Navy.

Micheal Rioko have second child

6 VISTA DRIVE
334-4366

[illegible] Martin Richardson spent her vacation with family and relatives in Lafayette, Ind. Her most exciting moment was staying with her daughter in a lake cottage at Long Lake, Three Rivers, Mich. Here a family reunion took place where eight married children, 29 grandchildren and 14 great-grandchildren assembled to enjoy the get-away. What a proud feeling Mary must have had with them all.

[illegible] Martin who has just purchased and moved into a mobile home in Vista Park previously was owner of Mrs. Blaine Dale in Vermont and was formerly with the Real Estate office in Stuart. Mr. Martin is the proud father of three sons who are in the Marines and serving overseas. We do hope Judy will enjoy his home and participate in the many activities in our Park when the season opens this fall.

Received a letter from my neighbor Pat Sheets. Because of the weather changing so often he got a bad cold. Hears Dana had begun her sewing the vegetable garden. They will have a supply when they return. Bill Brasher [illegible] helping other neighbors with their home repairs. The neighbors hope to take off on Park the middle of September.

[illegible] are moments of happiness. When you can [illegible] helping other neighbors that is really a privilege. Ty and Lucille have had shared theirs [illegible] guests for a dinner. The gracious spirit was a tribute to Those in attendance were Mr. and Mrs. [illegible] Mr. and Mrs. [illegible] Mr. and Mrs. [illegible] Mr. and Mrs. William Engle, Mr. and Mrs. Paul Tyree and Miss Harriet Hubbard. Miss was entertained [illegible] the Tyrees and a [illegible]

[illegible] Mrs. Lucille [illegible] Mrs. Tyree [illegible] Management of Meadows was [illegible] Mrs. Julia Alexander and Mrs. Julia Wigg of Cocoa Beach who spent a few days here. They were highly impressed with the beauty and size of the Park. They were also impressed with the many activities that take place here.

A letter was received from Arthur and party relaying some news and activities of Ada and Raleigh McRobbie. They write about a very busy vacation. First their trips throughout the mid west visiting relatives and points of interest. Did some fishing for catfish and bass had a community social for 25 friends in Ada's and Raleigh made homemade ice cream. Have a lot of canning, over 25 jars of applesauce then fruits and gave some galloons to their sons. The Wilcox people then packed up their cars and then enjoy

A new resident at Sapphire Mrs. Ina Hayes. She hails from Bloomington, Ill. Her father was formerly owned by Mr. Hewes. Her daughter Mrs. King and hubby Frank owners both of Stuart. She is enjoying here and wants to get acquainted with a [illegible] Miss she attends the [illegible] here. We [illegible] hope that she will have many friends and also enjoy her parties in the [illegible] activities the Park has to offer.

[illegible] planned and fulfilled by Adolph Numendahl first to visit sister Mrs. E. Dalen in Calmar, Iowa, a brother Clarence in Deborah, Iowa and several nieces. Moving north to Detroit, Mich. has former home and employment area, visited with his son Clare and Eleanore Keech, three grandchildren. Visiting another son James and Dorothy Swank, James is a retire sergeant with the Detroit police. Adolph is very glad to be back and soak up our sunshine and mild weather as he had just left 40 degree weather behind.

Florence Lefkow had a great pleasure entertaining a friend Mrs. William Linden from Mesa, Ariz. Florence drove to Boca Raton where Mrs. Linden was visiting a cousin, Mrs. William Johnston. After a brief stay both returned to Pt. St. to enjoy our surroundings.

Ty and Lucille Tyree received a nice letter from the Chalbert Larrs and Ada and Hunt. They are presently staying in Mpls. Minn. The guest room was at an [illegible] moment at their 51st wedding anniversary. The Hanna [illegible] sons and one daughter were present. Their friends remember this [illegible] occasion. They gave a large party at Ada [illegible] Mpls. Many relatives and friends gathered at one of Mpls. [illegible] Flowers, home [illegible] were present. Although [illegible] away, we all wish them the best of health, happiness and blessings for many years to come.

[illegible] Douglas [illegible] manager of Sapphire is [illegible] again. His wife Peggy and baby Marissa have returned [illegible] Pt. St. Lucie. Mrs. [illegible] mother Mrs. Perez [illegible] Mass. where she had surgery. [illegible] Mrs. Douglas [illegible] after the surgery [illegible] a routine [illegible] Mr. [illegible] and Mrs. [illegible] Mrs. [illegible] after activity throughout her vaca-

tion. We all are with Lela in hoping her aunt's serious condition will improve and ease her pain and pray she has blessings each day.

We are thankful to Anna Rudder, now at 529 Beebie St. Williamsburg Pa. for the information:

Margaret Altruz of 9th fell and broke her foot and is now recuperating at home. She has a cast from foot to knee.

From Bonnie and Clint King:

Bonnie is our Park beautician. They have arrived home as planned with the exception of one flat tire in Pa. The last and nastiest hail from one Pa. sheriff officer took care of that incident. They loved the Smoky Mts. at each they are staying most of their time and vacation. They helped entertain the Brides [illegible] Softball Hall of Fame. The [illegible] parade in which many TV celebrities participated including Las [illegible] visited with relatives and friends of Mary and Bonnie's mother is still ailing and continues to be in a [illegible] high spirits. Mary [illegible] and others return

You haven't tried it

Family unit is key to fighting drugs

BY DICK CAMPBELL
JENSEN BEACH There are two young people in Martin county he haven't tried marijuana That was the startling statement of a former drug addict who told the facts as they are to an interested group of citizens Herb Williams Montello

A session concerned with the growing drug problem in Martin county was held Monday night with a suggestion that drug abuse programs in schools be started as a preventive measure

Williams addressed about 40 persons at the Jensen Beach Elementary school

Williams said he was a drug addict for seven years and was arrested 15 times for drug related crimes

He said he started using drugs because of peer pressure

"I was a big man on campus in high school and I was popular with the crowd I was a leader and I thought I had to do what they did to be accepted" he said

Williams said he started using marijuana and then graduated to heroin

He said he was arrested for the first time for drug possession when he was 17 years old

Williams said he was sentenced to a drug rehabilitation center in Orlando but escaped from the center

He said he was arrested again for drug possession and was sentenced to a drug rehabilitation center in Miami

Williams said he was released from the Miami center in 1971 and has been drug free since

He said he is now working with drug addicts in the Miami area

Williams said he is married and has two children

He said he is employed by a drug rehabilitation center in Miami

Williams said the program of the Miami center consists of group therapy and individual counseling

He said the center has a program for parents of drug addicts

Williams said he is now working with drug addicts in Martin county

He said he is employed by the Martin county health department

Williams said he is also

Saving Savannas method unsettled

JENSEN BEACH— Area governments agree that the Savannas should be saved but they cannot agree on the method.

Officials of Martin and St. Lucie counties and the City of Port St. Lucie met last week in Fort Pierce to discuss protection of the vast wetlands.

Martin and St. Lucie counties recommended state control while the county and Port St. Lucie officials favor local control.

State Rep. Charles Ner... urged the officials to work with governments ... their differences and ... the area ... differences remained after the Tuesday ... meeting. Nergard also suggested setting up a special taxing district for the savannas. He said that a special taxing district would assure sufficient money for local control.

It was suggested by Mrs. Marjorie Alder a member of the State Recreation Council and a member of the Save the Savannas Committee that the area could be purchased by the state as an endangered area.

Mrs. Alder also pointed out that the state could declare the savannas as an area of state concern for regulation purposes.

A committee composed of members of Martin, St. Lucie and Port St. Lucie officials and representatives studied the area for about a year and recommended local control of the area.

While Port St. Lucie and St. Lucie County Commission supported the local control resolution, Martin County Commission backed the state route.

The three agencies still haven't resolved their differences.

Tigers lose opener to PB Gardens

BY DINNIE WILKIE

PALM BEACH GARDENS — The Martin County High Tigers were getting set to start their season opener last night, but it wasn't enough as the Tigers dropped their season opener to the Palm Beach Gardens 29-0 last night.

The Palm Beach attack was led by quarterback Ray [illegible] who accounted for all [illegible] touchdowns. He scored one touchdown on a 2-yard run and another while the defensive team held Martin County scoreless first half got the first [illegible] contest as the [illegible] from the give Palm [illegible] a 6-0 lead.

In the third quarter [illegible] Martin County [illegible] back Dana [illegible] yards and a 12-[illegible] Evans pulled [illegible] a 12-yard pass for the Gators third score. That's how the first half ended with PBG on top 19-0.

The only score of the third quarter came when Barry Greene caught a 28-yard pass for another touchdown and a 26-0 lead. Then in the final period, Palm Beach added a field goal and the game ended that way.

In other action around the area, Fort Pierce Central reked out a 6-0 win over Greenwood High School. It was the [illegible] season opener while Greenwood had already played two games, one a win and the other one a tie.

Fort Pierce dominated the statistics as they rushed for 231 yards while holding their opponents to only 23 yards in that department. Only four passes were attempted in the contest, three by Greenwood and one by Central and none were completed. Fort Pierce's only pass was intercepted.

The only score of the game came in the final period when Henry Melton scored on an eight yard scamper. Overall, Melton carried the ball 18 times for 94 yards while running mate Terry Jones carried 20 times for [illegible] yards.

Palm Beach Gardens victory over Martin County should vault them into the number one spot in the state AA ratings because number one Glades Central is at Delray Beach Atlantic [illegible] Saturday night. ZIP

AEC reviewing FP&L's request

JENSEN BEACH — The regulatory staff of the Atomic Energy Commission has begun its review of the application of Florida Power and Light Co. for a permit to build a second nuclear unit at the St. Lucie Plant on Hutchinson Island.

As proposed, Unit No. 2 will use a pressurized water ...reactor and will have a net electrical output of about 810,000 kilowatts. It would be located on FP&L's 1,132 acre site.

The licensing board will schedule prehearing conferences to decide key issues to be considered, consider petitions for leave to intervene, determine parties to the proceeding and establish a schedule for further actions in the proceeding.

The time and location of the conferences will be announced in advance.

The commission has arranged for documents and correspondence related to the licensing of the proposed facility to be kept on file for public inspection at the Indian River Community College library.

Tot Beamer of South Lake Drive was happily welcomed home by her husband Harry and neighbors after a vacation of two months with relatives and friends in N.J. A family celebration was highlighted for her mom's 85th birthday. Dot arrived home in time to celebrate their 46th wedding anniversary. Welcome home and our best wishes to the Love birds.

Elsie Schonnerstan and Mildred Mullin received news of Helen Schneider a former resident of No. Lake Drive who now resides with her daughter in Williston Park, L.I., N.Y. Sorry to learn of Helen's recent accident in which she sustained a broken hip. Her address is Mrs. Helen Schneider, 257 Park Ave., Williston Park, N.Y. 11596.

It is most gratifying to note how much owners express his pride in residing in our secluded Gardens of Eden as was published in the Jensen Beach Mirror on Page 6B Sec. 24 9/72 edition. This article relates the history of Lake Manor and our subdivision reported was a copy for anyone who wishes to read it. I certainly enjoy that article and glad to oblige.

Venture Out news

By WILLARD AUCH

Well, last week got away from me. Just too busy and I guess not much to write about.

We want to first welcome our new Park Manager and wife, Merrill and Ruth from Phoenix, Ariz. We have been with Venture in managing their parks at Mesa and at Gatlinburg. Don is a retired Army officer and is living here in the park in one of the mobile homes. We will have more on Don later.

Lois and Sam Terrell are proud parents of a new baby boy. Lois as you know was Fashion Recreation Director at one of the parks.

Bob and Millie Thrasi started out with their Airstream to take a little vacation up into Indiana and back through the Carolinas. Have a happy trip.

Again we welcome Bob and Martha Pierce for one of their many week stays on their lot.

Mr. and Mrs. Hooper are also spending some time with us enjoying the peace and quiet of their Venture Park.

Ida and Harry Hausenman left this past week for a vacation to Meers and England. Then have really covered the water from this year with trips around the U.S. Meers and now to England. Harry will have some wonderful pictures to show up when he returns. Have fun and a safe trip.

Our Mrs. Kit Meeker is a League Leader in the Stuart Saturday League. On Thursday last Sept. 6 they held their first group meeting which was attended by fifteen women. The topic of discussion was the Advantages of Breastfeeding for Mother and Child. At that time a garage sale was planned for last Sept. 29 from 9 a.m. until 5 p.m. and on Sunday Sept. 30 from 1 p.m. to 5 p.m. to be held at 322 S.W. 3rd St. Stuart. Items for sale will include baby clothes, toys, furnishings and white elephant items. Any thing which you can offer to be sold will be appreciated and may be delivered to Mrs. Meeker at the Venture Park.

Bobbie reporting reports that Bill is improving. He is now up 4 pounds + are down to 24 stations + still unsold. Bill is now a healthy 224 pounds and has had a + in here long. More + statistics next week.

Welcome to Peggy as she joined the sporting set. She is harvesting 5 liters a day and although she hasn't gotten her suit wet yet she is in the pool every day. Hank reports a lot of + apparels.

Tom Maggio's brother and wife, George & Ann, are stopping by for a few days + to visit Tom + Mary. They + visited their + in Kissimmee + Kissimee.

Hobbs and Mary Ann Jones of Birmingham, Ala. visited with Aunt Betty and Uncle Al Jones for ten days. It was a happy celebration, including a birthday for Mary Beth and a first wedding anniversary for the young couple.

Selma and Joe Valero are back from a three week jaunt to N.Y. sporting their new car. Selma is waiting for the first wrinkle so she can get behind the wheel.

The Morris Millers arrived a few days ago to spend a short vacation with us. We are glad to have them with us and we are looking forward to when we will be seeing more of our friends returning for the winter season.

V.F.W. news

BY CHUCK RENDER

Post 6088 is happy to welcome Steve Lasar into our post. We are now in the middle of our early bird drive. If you haven't paid your '74 dues now is the time. If you are eligible to join the V.F.W. now is a good time to do so. For application call me at 287-4808. There is a national drive on and if you bring in a new member your name goes into a drawing so the more new members you bring in the better chance you have of winning. First prize will be a new Cadillac or $5,000 cash, second prize a new Olds 88 or $3,500 cash and third and fourth prizes a new Pinto or $1,500 cash. Sixth through eighth will be color TV or $500 cash. Let's get a bunch of new members and get a winner here.

This past Sunday we had a good turnout. Six new members and all 6 joining the Post were full of glowing reports and all the fine things the Post and the ladies were thinking. So remember to bring a friend and a little of the glowing comments with you.

Starting Sunday and every 1st Sunday of the month we are having a breakfast for V.F.W. members only. It will give us a chance to get better acquainted and have some more sessions. The third Sunday of the month will be mixed with the Auxiliary. These should prove to be good get together programs.

This weekend we will go up to our Department headquarters at Ocala for the kickoff of our 75th anniversary. Everyone is urged to attend. The highlight event will be the banquet Saturday.

Here we are back in Jensen Beach after a 3500 mile trip and I might add we are glad to be home. We had to come back to rest up after burning the candle at both ends for a month that old flame was about to meet in the middle. We had a fine trip the little Scotty trailer was comfortable and the weather was very good only two rainy days in 30. It was very hot in Savannah Ga Fayetteville N... Goldsboro N... and Virginia Beach Va but a cold wave came through after we reached Baltimore Md and it went lower into Md. We sure hit some thunder bolts there said it had been at it for the week before.

We visited all of our neighbors in Md and they were really as glad to see us as we were to see them. What a real welcome we got. Many times did we hear "Why don't you move back here." Sure a lot of them are friends Ada saw some of her friends from the Mayer Lodge in Baltimore and we plenty of housepeace. Ha... that was what we came home for.

Spent a few days with our granddaughter Teresa Bethany and her husband Robert here at Jensen Beach. Robert is now attending the Florida Institute of Technology in Melbourne. Teresa is working in Melbourne. Both are employed by the Harris Corporation. Bethany is attending Huntingdon College in Montgomery Ala. Both are from Indiana. Bethany is majoring in Elementary Education and Teresa is majoring in Medical Technology. Bethany is a granddaughter of Mr and Mrs Ralph Bethany of Indiana. Robert is a son of Mr and Mrs Robert ... of Indiana.

Blue Heron News

BY SELMA GARDNER

Pat and Chuck Sutton just returned from a trip to Ocala National Park in their truck camper. Their son Chuck Jr. and daughter in law Carol are here for another visit. They had been visiting brother Bob in Homestead. They also had a visit from Chuck Sr. a brother Jim and sister in law from Rockford.

We wanted to visit Tom and Anna Carpenter in Whiting N.J. but time did not permit. They will be back in Blue Heron Park in Nov.

We also were very glad to see the Herb Ellers and Harry Rawlins. They have been visiting their family in the last four months. We are sure we'll see them again and they look fine.

Inside Outdoor Resort

BY CONNIE JONES

So nice to see Mr. John Lord, Sr. and his son, John, out on Nettles Island Sunday. Mr. Lord Sr. has a new bus car and it is sharp. That's our president Bobby Lord's father. Prince of a man - everybody loves him.

Those Shriners really go first class with all those motor coaches then still rented rooms at the Sheraton. Their activities are for a good cause.

If anyone wants to see a fantastic show go over to Orlando - our other resort where Bobby Lord is singing and pick that guitar like you've never heard before. We plan on being there in the weekend of Oct. 21.

Went shopping in the mall at Stuart and heard the most beautiful music. When I saw who was playing the organ, no wonder one of our sons-in-laws, Mr. Nat Hartman and his lovely wife Rooie were looking on with approval.

Stopped in for a short visit with Jean and Fred Lajoie after their recent trip to Israel. Then visited with Judy and Ted Baher for a couple of days and while there Jean showed me some pictures of Judy's home. It's out in the woods and is private, but beautiful. Jean and Fred stopped in to see Bob Hoffman's estate. Then attended the wedding of Jean Hoffman's brother Antonette. Hoffman and Antonette and James Thomas have moved to Nettles Island. The Thomas' are a pair of 20 years old. Their kitchen looks like a kitchen should. Jean and Fred went to their home in Hoffman's

New philatelic programs planned

MIAMI—Several new pro[grams] which have no precedent in the tradition of [philat]ely are plan[ned] by the United States [Postal] Service according to [an] announcement by E. H. Davis [Postmaster] Manager Postmas[ter] of Miami.

The programs are [to] include a philatelic program, [the] holdings, which will [illus]trate the stamp a [year] old in the class[ic] setting and in the relea[se].

The element of philatelic [interest] is 10,000 post office [boxes] beginning in Nov[ember]. The aggressive sale of [the] edition of the Stamps [for] Books.

Marketing of a 1973 [Starter] pack of stamps [containing] the commemo[rative] spec[ial] and memor[abilia] stamps issued during the [year] production of [the] new Starter Kits [will] include Canadian [and] U.S. stamps.

Topical kits based on European Arts, space and [music] and sports will also be made available Mr. Davis said.

Information gathered by the Postal Service market surveys indicates that an estimated 16 million persons in the United States are stamp collectors. Of these 97 percent collect U.S. commemorative stamps, 76 percent collect regular issues and 23 percent collect postal stationery.

Six percent of all U.S. households have one or more U.S. stamp collectors, 60 percent of whom are male and 35 percent female. The average collector is a high school graduate, 23 percent are still in school and 47 percent have attended or been graduated from college.

SOLD—Once the sold sign was taken down, it was moving day last Saturday morning for members of the Stuart Board of Realtors. The board purchased the Verna A. Ambram's home last week located at 728 E. Ocean Blvd. across from the Stuart Treasurer's Bldg. The board's former office was located at 101 Colorado Avenue in Stuart. The new address will be used for the realtors executive and multiple listing service office. Board president Florence Rickman, indicated the office would be opened and in full operation this week. Future plans call for an open house once the board gets settled in the new home. Saturday's moving committee included Ralph Randall, A. Sawyer, Bob Houmes, Virginia Turner, Mary Doyle, Ron Paradise, Gupta Sunderson, Mrs. Rickman and R. Richmond. Photo by Dennis Doyle

Cook of the Week

Chief Lee's Fried Fish and Hush Puppies

PORT ST. LUCIE — A retired Navy chief who spent 30 years at the exclusive Blue Grass Army Depot in Richmond, Ky., is our cook of the week. He shares his recipe for fried fish and hush puppies, a good southern menu.

William Lee and his wife, Thelma, have lived in this subdivision for four years. Also sharing the household are their daughter, Ann, mother and her husband. Mrs. Lee's grandchildren, father and sister.

Lee was a part of the Blue Grass Army Depot for the last 10 years. He was in charge of the Army's ammunition storage there.

Lee and his family have also lived in Kentucky, Indiana, Missouri and Texas. Lee was born in Hartsville, S.C.

Lee is an avid fisherman and a member of the Fish & Hunting Club. He has been a member of the club since 1955 and has served as president.

Lee's favorite pastime is fishing. He likes to fish in the Atlantic Ocean, the Indian River and the Okeechobee Waterway.

Lee is also a member of the Knights of Columbus and the Holy Name Society at St. Lucie Catholic Church.

This is an old recipe handed down from one generation to another in Kentucky. We foresee from Kentucky feel that using a certain meal enhances the taste.

In recipe Kentucky almost unheard of fish in Westernberger Mix this is a water ground mix that has been used by the Westernberger Midway Ky. for generations.

So if you are planning through Lexington your northern your them bring Westernberger mix.

Either use this or if there are no fish whole. Be sure to perfectly dry the grease as you can crunch fry pan with wood iron skillet. Three are par French fried.

It is great to be back and we again are happy to greet all of you. We hope all here have enjoyed a pleasant summer as we have. Many thanks to our very good friend Jim Robertson who subbed for us while we were away. Jim did a marvelous job with the flowers, antiques, columns. We sure have had our share of rain but we can all breathe a sigh of relief and give a prayer of thanks that Hurricane Glida changed course and went out to sea. I've been through two hurricanes in Baltimore Hazel in 1954 and Diane in 1955 and it took us weeks to clean up the mess afterwards. Believe me, I can do without any more.

Tom and Alma Carpenter are due to arrive from Whiting, N.J. They liked it here so well last year that I hope we now get some real nice weather and Tom can get in some of the fishing he likes so well. Welcome back Tom and Alma and oh, yes Tina, too.

Speaking of fishing, Art Cielo is really the "Champ" peer. Saturday he caught two of the biggest snook I've ever seen, of course I haven't seen too many. But they seemed huge to me. One by the bridge and one on the Art must have a special method for he caught them on the causeway bridge where he caught the other one last week.

Russ and Frances Hosier had guests Mr. and Mrs. Howard and Mr. and Mrs. Huber from Detroit. Heard Russ has been very busy getting ready for the winter season. He is remodeling the cottages with natural wood on the inside and painting and sprucing up the inside.

We will soon have more new neighbors. Mr. and Mrs. Lawrence Bullock of Monticello, Ind. have purchased a new mobile home here in the Park. They will be back to stay as soon as all their affairs are taken care of in Indiana.

Otto Schneiderman is back from Sussex, N.J. and we are so glad to see him again.

Paul and Ruth Sutton had a visit from their son, Bob and wife Rita and grandson Chris from Hummelstown, Pa. They were all guests at Ardis and Ed Rupp's.

The Barn.... plus

BY BARBARA HATLEY

The casting for the next Barn presentation Streets of New York has been completed here and all. With more than a week of rehearsal under their belts the cast is settling down to some serious learning. A melodrama is a difficult play to perform in that although it seems to be very exaggerated and corny it has to be played straight as a string. In some out over exaggerated and corny but not includes hero of course is Mr. Trimmkard George Wayne ...arter and Roger Conant. Then played the parts of the stalwart hero and the nuisance villain. Roger had a ball with that part he could twirl his moustache to his heart's content. This time George is a Mr. Puffy and Roger is a not very long ...ved man captain. The ladies of the cast are a completely divergent lot. Meg Kanes is the sickening sweet heroine. Pat Hinton is the female beauty with Lorraine Peterson and June Henderson adding their expertise to the Salaff side of the cast. Dave ...urtiss, Bernie Donato, Paul ...Zigrick, Doug McDonald, Peter Arkenette and Sheila McManus complete the cast of gentlemen. There will be a ...e for extras for the scenes ... After all the finishing touches ...

Barbara Heinrich has offered her services to the Barn and is contributing all of her hard gained knowledge of the field of costumes. She was head costume designer and costume mistress for the Barn and from the looks of the scenes planned by Mr. Trimmkard she is in for a busy time. Costumes are ... and the order ...

Mr. Trimmkard thanks ... those who helped ... was built, painted ... and ... Mary ...

THE OFFICERS officers of the newly organized Daughters Club of Hutchinson Island are shown at the club's meeting. Installed at the table, right, president Carol Sullivan; vice president and scrapbook historian Jeanne Harding; between them the club's charter member Mrs. Ann Hungerford, who made the presentation; Lillie Hinton, secretary-treasurer; and Mary Hancock, historian. (photo by Jan Peters) There are 43 members in the club.

Blue Heron News

BY SELMA GARDNER
334-0000

This has been a very eventful week. All of our good winter neighbors are coming back to Hobe.

Tom and Anna carpenter and Fred Sull, Jr. afternoon joined with a couple of other friends at the Saturday Night Dance. There we were joined down with all the necessary things for their six months stay here in their cabin trailer. Then have been hard at work getting settled again and will soon be able to have leisure time to enjoy here.

Monday Anna and Henry Wiegand arrived ahead of schedule and the Carpenter Artist Pair have named the Blue Heron. They had quite an adventurous gale-tost summer traveling up the east coast. Then at Lake Lenape, Md. they took on Ice and N. They are now getting settled in the Blue Heron and are looking forward to a pleasant winter here.

Sometime later we were glad to see Mr. and Mrs. Kenneth Hall and Mr. and Mrs. Ralph Hall of Hobe Sound.

Mr. and Mrs. Hall are spending a few days with their son and daughter-in-law, Mr. and Mrs. Ralph Hall, Jr. of Hobe Sound.

Mrs Depigian

Depigian's Armenian recipies

JENSEN BEACH Mrs Parsa Depigian of 313 South Street is sharing two of her authentic Armenian recipes with us at our Cook of the Week. They are for MIXED DOLMA stuffed tomatoes bell peppers and zucchini and Armenian PILAF.

Mrs Depigian who lives in Bellville Ill. is visiting her son and daughter in law Mr and Mrs Clarence Depigian and their son and daughter. The family moved here from Ft Lauderdale in July and this is Mrs Depigian's first visit to Jensen Beach.

"I love it," she said. "It is a beautiful area, quiet and friendly."

In addition to her enjoyment of cooking and baking she loves to read. She is a member of the St Louis chapter of the American Relief Society having served as president and secretary.

Cook of the Week

BY RUTH BOWMAN

I'm always going out," she told me. "Clarence is a surveyor here and his wife was a legal secretary in Ft Lauderdale and a good one too." Mrs Depigian said.

When I stopped to see the family the other day I was offered a piece of flaky luscious pastry filled with chopped nuts and other goodies.

What is this" I asked Heck I knew I would forget the name I even had trouble pronouncing it.

MIXED DOLMA

Stuffed Tomatoes Bell Peppers and Zucchini

INGREDIENTS

½ lb ground chuck or lamb if not enough fat add ¼ stick butter

½ cup chopped onions

½ cup parsley fresh and chopped

2 cloves fresh garlic mashed

1 tsp mint flakes

¼ tsp pepper

½ cup white rice Mahatma or River Rice

To serve four use four tomatoes four medium bell peppers and one zucchini

Wash tomatoes bell peppers and zucchini Scoop out all three and peel zucchini and cut in half Cut top off of tomatoes but all the way through leave rest of the top so that it can be used as a covering later Sprinkle salt inside of tomatoes peppers and zucchini

Mix hamburger or lamb with above ingredients and sprinkle mixture with 1 tbsp of water Fill the tomatoes peppers and zucchini with the mixture and place the lid on top of the tomatoes

Add 1 cup water mix with 1 tbsp of tomato paste and ½ tsp salt and pepper

Put stuffed tomatoes bell peppers and zucchini in 9 x 13 x 3 deep pan Pour the mixture of water and tomato paste over the stuffed vegetables Cover with foil paper and punch four holes in foil Put in oven for 30 minutes at 300 degrees Take off foil and bake an additional 30 minutes

AUTHENTIC ARMENIAN PILAF

2 sticks of butter or margarine

1 handful of very fine shredded egg noodles

½ cup chopped onions

½ tsp sweet basil

Melt 1 stick of butter or margarine in pan Add handful of very fine noodles in melted butter or margarine until they turn light brown Turn to medium heat and add 1 cup cracked wheat Stir minute and add 1 cups of chicken broth 1 tbsp of salt ½ tsp basil and pinch of black pepper Cover pan and cook until broth evaporates then turn to low heat

Fry chopped onion with 1 stick of butter or margarine until light brown Pour over PILAF and cook covered again until it is tender.

Cobras shock Merritt Island

BY DONNIE WILKIE

FORT PIERCE—The Fort Pierce Central Cobras and Don Latimer proved something to everyone Saturday night at Lawrence Stadium. When they're at their best, the Cobras can beat just about anyone.

Number one 4A ranked Merritt Island tasted defeat against Central as the Mustangs and their sensational runner Leon Bright were shocked, 10-7.

The Cobra victory put an end to MI's 32 game winning streak. The last time the Mustangs had been beaten was in the same stadium in 1971. In that one the Cobras downed the Mustangs 27-25.

Dale Barnes put Fort Pierce Central ahead in the second quarter when he booted a 25 yard field goal. However a fired up Merritt Island team came back in third quarter to take the lead as Bright romped 62 yards up the middle to score the Mustangs only touchdown of the evening.

And until the fourth quarter that looked like enough to propell the Mustangs to victory. But Roosevelt Duncan smashed in from three yards out to give Ft. Pierce a 9-7 lead. Barnes point after was good and the Cobras now led 10-7.

Latimer keyed on Bright the whole night. However although it appeared as though he stopped him dead in his tracks Bright gained 141 yards on only 14 carries. The huge Cobra end did put an end to Merritt Island's hopes in the final period when he sacked quarterback Clint Hurdle and broke his collarbone.

Central now only needs a win over Vero Beach to go into the 4A playoffs. The cobras did not win their conference. Palm Beach Gardens won it and is presently undefeated - but they rank as the top 4A team in it.

Ft. Pierce Central is now 8-1 on the year, while Merritt Island dropped to 7-1.

Soccer class is scheduled

FORT PIERCE—Vernon Floyd, chairman of the department of physical education at Indian River Community college announced a new course offering at the college — soccer gatorball — beginning the spring semester.

Soccer is one of the fastest growing sports in America and it is the most popular football game around the world. All students who are interested in the new course are asked to register for the course before it fills up. Soccer gatorball will be offered on Tuesdays and Thursdays the sixth period (1:30-2:20).

For further information contact the Guidance Department.

New line for fishing tourney

STUART—The Stuart Sailfish Club has come up with a new line for its 20th annual light tackle sailfish tournament set for Dec. 10-13.

The tournament will be fished in divisions called professional and amateur.

Professional competitors are the ones who fish a great deal, or normally fish tournaments and amateurs are those who just want to have some fun, and get their feet wet in competition.

Tournament officials say that duplicate prizes will be awarded with an additional one, high, overall prize.

Officials say that the usual tournament rules will apply with observers on each boat, 80-pound test line, single hooks, four mph forward motion of the boat and no backing down on fish hooked.

Headquarters for the tournament is the Bay Harbor Club, and Jay Potsdam is chairman.

Stamp designs are announced

MIAMI—Designs of two additional ten-cent regular stamps and an eight-cent postal card were announced by the United States Postal Service. According to P.H. Dawe, district manager postmaster of Miami, these are for use when the proposed new postal rates go into effect Jan. 3.

A ten-cent stamp to be issued Dec. 14 in Washington, D.C., will depict the Jefferson Memorial. In the center, the second ten-cent stamp is scheduled for issue Jan. 4, 1974 in Washington, D.C. and features a ZIP code theme and the eight-cent single and 16-cent double reply-paid postal card to be issued in Boston, Mass. on June 16 will honor Samuel Adams.

Designed by Dean Ellis of New York City, the Jefferson Memorial stamp is a single color stamp done in blue on the offset press. At the bottom of the inscription, "We Hold These Truths." The signature of Thomas Jefferson appears directly below and the words "United States 10 cents" are across the bottom. It will be issued in sheet, coil and "booklet forms" in unlimited quantities. The booklet form will have eight stamps to a page. The other will have five and is intended for vending machine use. Details from the stamp Playing Pals Free Philatelic Mystery, orders, safe, sure, convenient. First day cancellation requests with proper remittance and postmarked no later than the first day of issue must be sent to Jefferson Memorial Stamp, Washington, D.C. 20013. Private cachet sheets of the stamp is limited. Mail requests for the private cachet sheets must be postmarked no earlier than the first day of issue and no later than midnight of that day.

affluence never before equaled for so many to enjoy.

We are living at Venture but would this be possible in any other country? Indeed we have much to be thankful for.

Betty Drake reports

Happy newspaper Dot and Dave Zenz bought out 764 after renting it for five months. Dave is with the power plant. While they continue to maintain their home and work at Lake Worth Dancers, commutes weekly for two days to a cooperative position. However they will be at the Venture whar which is what we are all welcome at.

Mary Hamilton and Sandy Sloane left on the first plane however they were unable to get seats and their guests Jeanette and Dave who did leave a day later.

Mary and Sandy had a grape time and were back in Sebastian Inlet. Hazen and Mary Hamilton have arrived pleasantly for the entire season. Little helpmate for Mary Hazen greeted her under the palms. Activities are running and shuffleboard is what the square dancing is all about.

Mary Hamilton is recovering nicely from her operation and is under the care of Dr. Mary Hamilton

Thanksgiving Day visitors in the Glenn Oakes home were friends Mr. and Mrs. Doran Smith from Clearwater.

The Bullocks were visited by Ethel's sister and husband, Mr. and Mrs. Fred Malah from Ocean Breeze and a niece and nephew from Tampa, the Gordon Garmies teenagers. Ethel just supervised recently.

+++

Lee Tucker's were guests of their daughter and husband Mr. and Mrs. C. B. Brooks Jr. and their family of Indian River Drive.

+++

We're grateful for those who worked with me on the Thanksgiving Day plans which turned out to make a most pleasant day. Mary Scriven, a newcomer and Dot Beamer were very helpful. Also the potato Man's meal was most delightful and filling. We're grateful also to Jen Rollenbocher who roasted the second turkey. Most of our 31 dinner guests came back in the evening for coffee and very few bites of anything. Alice Stoddard voluntarily played the piano and some that still had the strength gathered around to sing from a new song book. Thanks to Alice it's such fun.

Bess Hartle and I were pleased with a surprise visit from Margaret and Virgil Lewis. We were our neighbors here and now live at Orange City. We had them stay for lunch which gave them time to walk around the park. Visit with Edna Eastman and Dot Beamer and Jen Rollenbocher came in also. The viewers raised very fine hot dogs. WATCHING Steve Brunton keeps a close eye on the cleaning machine while Jim Brunton looks on.

Monday evenings at 7:30 slides are shown. This Monday Sam Timmons showed slides of his trip to the Holy Lands. The Timmonses were aboard that boat which was bombed and one of their belongings.

Mac and Nan McFarland arrived to spend a couple of weeks at the park. They are settled nicely for the Christmas holidays.

They are enjoying the breezy weather in their sailboat but Nora is frustrated by the size of the fish she catches. Reel began his photography classes last week.

Edith and Steve Brunton, staying the season at lot 302, were visited by Tom and Lorraine Goodhue. The Goodhues, who were regular renters here, have built a home in Fort St. Lucie.

Edna and Joe Lamaster packed up and moved into the park a week ahead of schedule on a Thursday and has set up the kitchen in the good old way.

Mac and Mae McKeown, Mac's brother and sister-in-law, are staying in the vacant lot on the corner of Mac and Mae's. The McKeowns are from Michigan visiting their son, Mac, and friends.

Once again Jim and Hazel Carter were in the swing of things this week helping their friends salvaging their wet belongings. Mac and Mae McKeown are now settled in their trailer and are [illegible] and friends.

Mac and Mae McKeown and Mac and Mae Carter are the "talking" pair of the park. Mac and Mae McKeown are from Michigan and Mac and Mae Carter are from Ohio.

Ft. Pierce Art Gallery to present second show

FORT PIERCE The Fort Pierce Art Gallery will present as its second show of the season, paintings by Therese Knowles and Lorraine Newman and sculpture by Jim Lewis, from Dec. through Dec. 30.

Therese Knowles, one of the area's outstanding artists, will show still lifes, seascapes and landscapes of both the area scene and her native France. Prior to joining Mrs. Knowles has an ever increasing following who look forward to adding her latest paintings to their private collections.

Now the Ft. Pierce art scene a Lorraine Newman of Keystone Heights. Mrs. Newman started life in Lynbrook, N.Y. where she got her basic art instruction. Later at the Ringling School of Art in Sarasota and Banff School of Fine Arts in Banff, Can. she studied various forms of painting, including mural and portraiture. One of her best known murals is in the Keystone Heights Municipal Building, while her Florida landscapes and her portraits are in many private collections.

Jim Lewis, who lives on Coconut Terrace has had successful shows in Ft. Pierce for the past several seasons. Born in Geneva, France and raised in N.Y., he studied art at the University of Florida and Florida State University, after moving to Miami. Though he started as a painter, he finds those sculpture is more as his form of expression. For the past months he has been in Europe where he has had one man shows in Paris and several other cities.

Gallery hours are 2 noon to 5 p.m. daily except Sundays. There is no admission and the public is invited.

ORA and ABC to develop outdoor attractions

NASHVILLE, TENN.—ABC Scenic and Wildlife Attractions, Inc., a wholly owned subsidiary of American Broadcasting Companies, Inc., and Outdoor Resorts of America, Inc., Nashville based corporation developing recreational vehicle resorts throughout the nation, announced an agreement in principle recently whereby Outdoor Resorts will develop and operate Outdoor Resorts Outposts in conjunction with ABC's Scenic and Wildlife Attractions.

In making the announcement, John E. Campbell, president of ABC Scenic and Wildlife Attractions, Inc., and E. Randall Henderson, Jr., president of Outdoor Resorts, said the first two Outposts will be built at ABC's Weeki Wachee Springs and Silver Springs attractions in Florida.

"We are very excited at being chosen by ABC to join them in these developments. It gives us additional exposure to the highly transient market which we feel will be greatly beneficial to our destination resorts," Henderson said.

The agreement is subject to approval of ABC's board of directors.

Assuming final approval, work will start immediately on the Outdoor Resorts Outpost at Weeki Wachee with the opening of the first 100 camp sites in time for spring vacation, Henderson said.

Plans call for the addition of 50 more sites next year and another 50 the following year to serve the numerous RV travelers visiting the attraction, he said.

The Outposts, he explained, will have full utilities, swimming pools, miniature golf, shuffleboard and recreation hall with arcade games, video games and laundry. Commercial facilities will include a trading post and camping supplies, groceries and other service facilities. The parks will be open year round.

At Silver Springs, there will be 50 sites initially with 50 sites per year for the next three years, subject to final approval, should the market

[illegible] portion of the Outpost [illegible] to start in the spring with the [illegible] portion to be completed during the summer.

The Outposts are rental facilities [illegible] apart from ORA's [illegible] outdoor resort sites which are [illegible] when owners are not using them.

Campbell said ABC has surveyed its parking lots the past year and found that approximately one out of ten vehicles there was a recreational vehicle.

We have observed the tremendous growth of the RV travel market and feel that the recreational vehicle could be at the center of future travel enjoyment. We realize, as a matter of logic, that we should be providing space and facilities for RV travelers at our scenic attractions," he said.

Henderson stated that the consummation of the agreement will be "positive, a real plus for ORA because with the fuel crisis recreation vehicle owners will be more selective in choosing destinations with complete convenience and recreational facilities, staying longer and traveling less."

ORA operates Florida resorts at Nettles Island, Long Key in the center of the Florida Keys and Orlando, near Disney World. A 250 site Outpost and full service RV Service Plaza is located on I-75 at Jennings, near the Florida Georgia line. An ORA resort is also in operation at Gatlinburg, Tenn. in the Great Smokey Mountains.

Scots to play golf on St. Andrew's Day

STUART What's more traditionally Scottish than golf?

Probably only haggis heather bagpipes and whiskey Running a comfortable fifth in popularity among Scotland's exports golf has undoubtedly made the deepest dent in the Florida way of life It has been said that an enthusiastic golfer can play his way from Jacksonville to the Keys without having to pack his clubs between courses

Acknowledging this the St Andrew Society of Florida is this year inaugurating what it believes will become a major classic in sports circles The St Andrew's Day Golf Tournament for the benefit of the society's scholarship fund

The society's fourth St Andrew's Day dinner dance was held at the Stuart Elk's Club Friday Nov 30 with entertainment by members of the St Andrew's Pipe Band of Miami Proceeds of the dinner will be designated for the St Andrew Society's Scholarship Fund

St Andrew's Day Nov 30 marks the date when Andrew one of the first of the Twelve Disciples became the patron saint of Scotland The year was [illegible] A D

Legend has it that St Regulus or Rule the bishop of Patras in Achaea was guided to Scotland bearing the relics of Saint Andrew The Pictish King Angus gave him a tract of land called the Boar Chase and the name of the place was changed to St Andrews

The little seaport town a dozen miles from Dundee on the North Sea has had a cathedral since 1162 and the charter for the University of St Andrews was issued in 14[illegible] by edict of Pope Benedict XIII

Golf came later The Royal and Ancient Golf Club was founded in 1754 and is considered to be the legislative authority of the game

But golf had been very well established three hundred years before St Andrews became the traditional headquarters In 14[illegible] Parliament banned the playing of golf and also football because it was cutting into archery practice and ruining the country's defenses In four short years strangely laws were passed [illegible] and again in 149[illegible] a year before [illegible] banned golf and outlawed the [illegible] of Scotland [illegible] persisted in playing their exquisite seaside rites

[illegible] golf was played in the streets of Perth when the body of Margaret daughter of [illegible] and wife of James I of Scotland and the Bride of James II [illegible] was carried [illegible] of England [illegible] the [illegible] golf [illegible]

Bank account switch is voted

STUART After the First National Bank of Stuart had given the highest interest offer for the county's surplus funds the Martin County Commission voted to transfer its checking account from the bank.

In a 3-2 vote commissioners voted to switch the checking account from the First National to the Stuart National Bank.

Voting in opposing the change in accounts were Commissioners Mrs. Margaret Powers said "I see no reason for a change but for a change there should be adequate reasons for a change."

The Bank of Stuart had originally proposed that it would match any surplus over the checking account but Powers pointed out that the proposal was not legal since the county must bid lowest and highest interest.

Powers also noted that there was not enough money involved to change banks and that the county would lose interest.

Commissioner John Kiernan joined Powers in opposing the switch in accounts and commissioner Chairman Dr. Peter Lynch when confronted with a 2-2 vote said "I support the motion."

The First National Bank was the winning bidder for the investment of funds $75,000 for 90 days at 4.625 interest and $675,000 for six months at 4.25% interest.

Other banks submitting bids offered six-eight and seven percent interest.

This Wednesday night at 7:30 p.m. we are lucky enough to have Leyen Laydon from Broadway and Hollywood put on a variety show for us right after Pot Luck. Yours truly called him on the telephone and asked a favor of him, and no sooner said than done. This gentleman is retired from show business where he was tops and always had big performances. I've known him since 1952 and a finer performer you won't find anywhere. He absolutely knocks himself out for an audience and we get this for free. All of you remember Hello Burlesque, he put that beautiful show together at our Indian River Community College where he teaches singing, dancing and acting. Mr. Show Biz himself. Let's give him a real Nettles Island welcome and wear our long dresses as we get the holiday season off right.

Nettles Island theatre group will be meeting each Tuesday and Thursday. We had to break this past Thursday, however Idel Leger stepped in and did a marvelous job. Really we have some fine talent on this island. We have some chartered members and then are Joe Thacher, Grace McKee, Emma Mazzeo, Susan Sutfin, Connie Jones, Erma Vandergraaf, Leonard Vandergraaf, Marie Wylie, Herman and Esther Bender, Kenyo and Aileen Archer Sizer. We have a few nice plays for all of you at Christmas. Also some singing to plan on staying with us. You can also secure tickets to the Orange Bowl for our guests for $7 each.

Rita Leighton and Eunice Summers put their heads together and put on a beautiful surprise party for Jack Summers. We had more food and no one wanted to eat the evening meal. Those enjoying the festivities were Bill and Rita Leighton, Eunice and Jack Summers, Red and Mary Swallard, Brad and Jan Walter Eden and Ida Leger, Louise and Clyde Jones, Judy and Ted Baker, Esther and Herman Bender, Harriet and Martin and Eve and Raymond and we, Effie Martin joined us from the evening 20's. Clyde wanted to know if he had the 20 minutes that were left. Judy Baker had some very fine jokes and poems. Esther Bender had a hilarious one and needless to say everyone enjoyed the summers in Nettles Island.

On Hutchinson Island

Green Turtle Cove opens

1st unit is ready

Green Turtle Cove, a new and unusual condominium development is opening this week on Hutchinson Island and a great part of what makes this development different and unique is its site and unspoiled location snug against the shore line of a quiet Indian River lagoon and across from the Atlantic ocean.

No effort has been spared by developer Leo J. Rickhoff Jr. to avoid disturbing the natural surroundings of the tall and wild sub-tropic Florida. That is evident in the design by St. Louis architect Arthur Sitkrohl and Associates.

Mr. Rickhoff has added to the environment A rustic hump-backed bridge will cross the lagoon which separates the twin buildings of Green Turtle Cove.

Other wooden bridges rustic and reminiscent of days gone by span small areas of the river to create a tranquil pathway around the development.

Under the direction of the developer 500 trees have been planted and are growing from their watery beds. These trees will provide a natural, tropical sanctuary.

Responsible for the landscape design was the landscape architect commissioned by Rickhoff to create a tropical landscaping surrounding Green Turtle Cove.

The work was accomplished by the Landscaping Co.

Individual residences of Green Turtle Cove as well as the surroundings create an immediate impression of a world apart — a place to relax and unwind far away from the pressures of the world.

Situated on the Indian River with its own private beach front, Green Turtle Cove features magnificent vistas of magnificent sunrises and sunsets.

Recreational facilities are unsurpassed at Green Turtle Cove. A private clubhouse provides space for those occasional very large entertainments of residents. Tennis courts, a heated swimming pool, putting green are all available for the use of residents. Across the road is a new 18-hole golf course scheduled for completion in the Florida tradition of the Green Turtle Cove will have wings of 92 units each. The entire area of the Green Turtle Cove development is set in the midst of tall trees and shrubs and the buildings are set back from the river after ground has been cleared for the private, other than those trees that are standing. Each building is set on a concrete slab and has a private entrance.

Each of the buildings will have a balcony and a private entrance.

Maintenance operation at Green Turtle Cove

A. B. Capper, Green Turtle Cove's maintenance supervisor, is a man with a green thumb and a tremendous enthusiasm for a new challenge.

Although he has worked in the maintenance and landscaping field for Lee Rockhold Associates for a number of years, he has not had the opportunity of working on an entire development of Green Turtle Cove's caliber.

He points to the Nature Walk as a perfect example of a concept in condominium grounds design. It would only be effective, or even possible, in such a riverfront wilderness location. He is looking forward to supervising the care of the growing mangroves and to watching them develop into the fish and bird sanctuary planned by the developer.

Capper comments on the plans of Chris Fischer, landscape architect. He has planned the landscaping to blend well with the surrounding wild growth. And so far, Landscaping has done an excellent job of accomplishing the task.

Of course, the complete effect of the landscaping, as with the various units, the second building is ready for the finishing touches of landscaping, he said.

CROSS OVER THE BRIDGE. These two beauties are the newest Green Turtle Cove. The bridge is the latest addition to the development.

Property taxes can be claimed

JACKSONVILLE-The [illegible] Internal Revenue Service office is receiving numerous calls from taxpayers concerning the deduction of property taxes on their 1973 federal income tax return.

Nearly twenty calls were received on Monday from property owners throughout St. Lucie County. The possibility that tax bills will not be received by property owners until next year appears to be prompting most of the inquiries.

IRS officials state that in order to deduct the payment of real property taxes the taxes must must have been actually paid during an individual's tax year. Therefore, all taxpayers who pay their property taxes after Dec. 31, 1973 will not be entitled to the deduction on their 1973 federal tax return. The deduction however, can be claimed on next year's return.

Venture Out News Notes

By Willard Auch

We wish to welcome Steve and Hermine Caenepeis from Erie, Pa. They plan to stay with us the winter season.

• • •

Ruth Balash report from Indian River. No it is not a ship from outer space you see blinking at you when you go through the Indian River section. It is ours. Dorothy and Bob Hendrickson's Christmas lights blinking at you from the rear window of their motor home. Then look very cheery.

• • •

John Balash bought his wife Ruth a new bicycle. Ruth has never ridden a bike so if you see her coming you had better give her the right of way. Ruth and John have been very busy on their lot. They are very proud of their lawn and really enjoy living in Venture Out.

• • •

Mattie and Hal Abrams arrived on their lot last Wednesday. They will be here through March. Hal is a charter boat captain up in N.Y. where the Abrams are from. They have a married son, Dr. Saigal, who is a Public Defender and a daughter who teacher school in Virginia. Happy to have you with us.

• • •

Mattie also reports. We wish to extend a warm welcome to some recent arrivals. Bob and Hallie Arrowsmith of

Are they this picture of Mr. and Mrs. Unique when we see so many signs "For Sale" in other areas.

N.Y. came down for a couple months. Lee and Aleda Forman expect to stay for the season. Glad to have them with us.

• • •

The Indian River section is shaping up several landscaping projects to beautify the area have been noted. Jerry and Carol Janzenbeck, Bill and Olive Pendergrass and William and Ruth Treat have improved their lots with attractive plantings. Nice work folks.

• • •

Isabelle Havinet reports. Happy birthday greeting to Lester Shaver Dec. 5. A celebration was held at the Spanish Lakes home of the Hippler's brother and sister in law of Theo Slagle.

• • •

The Turkeys have been missed but Dotty tells us that Sam is feeling much better and they expect to return to the park Dec. 12.

• • •

Jim Vasami is rapidly getting back in stride so much that he is planning to leave for N.Y. on Dec. 12.

• • •

The Havinets had a fur time at The Barn, hissing the villain, weeping for the heroine and cheering the good guys of The streets of New York.

• • •

Well, the last few days we have had a little change in the weather which we love. Cool nights but warm pleasant days. A little windy but after talking to a friend up in Michigan he reports snowing like the dickins and temperature about ten degrees so again we say we love it here.

• • •

We had a note from Dora Lee Dwire, who returned home for the holidays. She states she misses us all and if it is any comfort to us be advised that the prices of groceries in that area are on the average overall ten percent more than here. She did not believe that this could ever be but it is.

• • •

As a foot note she added. The older I get the more I believe in Women's Lib. Praise be for Mac but Women have long been the real underprivileged in every nation on earth. She will have to come back to Venture Out where all can enjoy life equally. We hope.

• • •

Well, to the news. Ali Bingo last week. Hazel Ramsey had nine and was the lower Ali. The Bottle Club arranged for the music for everything else that was offered. Good work Hazel.

• • •

I want to express my thanks to all of my wonderful reporters that take of their time to help make this column enlightening as to the events of the park. Time and a lot of us should co-operate with them. If their news gathering.

• • •

Betty Davis reports Ira and Peggy Knecht have adopted Va. as their home. After unloading a demanding business in Redbank, N.J. they sold their home and bought a travel trailer. They have been here ever since May. They are proud parents of three grown children: Kevin and wife Maureen in N.J.; Todd who is a senior at Washington & Lee in Lexington, Va. and their married daughter Karla Letter has remained at Redbank.

• • •

Lou is selling for Grant Furniture at Ft. Pierce while their husband Peggy keeps the home fires burning and collects shells. She's an ardent surf enthusiast and they both enjoy cards.

• • •

Helen and Don Eaton of Fairview on Lake Erie flew in Friday and are the guests of Betty and Jake Davis on Indian River. Don is retired Penna. State Highway executive who now pursues his favorite hobby of raising rare shrubs and flowers. Helen's favorite things are bridge and grandchildren.

• • •

Betty and Edsel Pfaltz arrived Friday late to spend the entire winter this year. Having sold their music business in Painesville, O. they are free to enjoy life at Venture Out. They are expecting their children for Christmas holidays.

• • •

Gail and Cindys exercise classes at 10 Monday, Wednesday and Friday are gaining in popularity. Never did see a member of the male sex participate. Perhaps they just revel in apathy if then are overweight. Wilda Wilson has been dubbed the most supple in the class with Hazel Ramsey a close second. Now that Mercy Whitney is back they'll have a race for their money.

• • •

Patience has its own reward. If you don't believe it watch Gail teaching swimming to the pre school set. Results are miraculous.

• • •

Wilda Wilson reports George and Mabel Johnson then were visitors in Vt. last winter, have returned to be with us again this winter. Home is Farmington, Mo.

• • •

Another of last year's visitors, Wendell and Bertha Young have returned again this year from Indianapolis, Ind.

• • •

Val and Grace Hicks arrived on their lot Friday. They have a new fifth wheeler. They had a good trip down from Hyde Park, N.Y. with no problems on the way. When their boat arrives then will be after those fish in the Indian River.

Millie Middleton reports welcome back to Bob and Millie Ludwig from Grafton, Wisc., Herman and Dot Nazzaro who were lot owners on Sailfish Drive and now reside on Albacore Drive. Greetings to Dr. Edward and Lillian Redcay, from Plattsburg, N.Y., and from Plattsburg, N.Y. Grace and Gil Hicks are back.

• • •

Mate Greusling reports Bob Messersmith had an unpleasant experience Saturday evening while biking. He ran into an unlighted parked work trailer. His ear was cut, his chest injured and received many cuts and bruises. He was taken to emergency at Martin Memorial. X rays and a few stitches and luckily though he will be very uncomfortable for some time his wounds did not cause any serious damage.

• • •

We're glad to report Fred Meeker is out of the hospital and his back troubles diagnosed. He will still be going in for physical therapy treatments.

• • •

Tom Seacrist has returned from Tenn. for a few weeks vacation. Accompanying him are his sister and husband and their small son Mathew.

• • •

Mr. and Mrs. Steve Caenepeis of Erie, Pa. have just arrived to spend the winter months with us. They are on lot 752.

• • •

Lou and Bud Preew of lot 865 pictured here with their second family. Two grown sons live in Atlanta.

The Preews retired from 34 years in business in Miami last Dec. and sold their home in March to travel for a year or so in their motor home. Unfortunately Lou's sister passed away in April and they now have a family again, a lovely girl Cindy 12 and a great boy Curtis 14 who attends school in Ft. Pierce. Sch travel will wait until school is out June. All four will return to their mountain hide-away in N. for summer. Fuel shortage permitting.

Meanwhile they are busy fishing, boating, crabbing and square dancing.

They have set up a salt water aquarium on their porch and invite all to stop by and see it. Lou says it's quiet, no commercials and the door is always perfect.

First, we must apologize to our good friends and neighbors at Venture Out for the unusual weather we are having. Its not at what was ordered. From Toad Bowling up in Charleston, W.Va. we received a news clipping which reads "The snowman has cometh in several parts of the state and he has brought with him the snowman, the sleetman, the slushman and the saltman." Also up to 36 inches of snow in some parts of the state. We are also getting reports from distant places that should warm our hearts and spirits that we are here and we're there.

Second we must apologize for the editorial of Venture Out News from last week's paper. It seems that after I was set that night in the writing work box and was out like a light until the paper had gone to press.

Third we have taken a new recreational director, Peter Polen. We are sorry to report Mrs. [illegible] resigned last week. We [illegible] Peter at a later date.

We had a fantastic show after our pot luck Wednesday night. Lenny Ladner called eight of his professional friends that have worked with him either in persons or on stage. Of course Lenny did his Clyde Mizell bit like Clyde Mizell used to do on his trumpet.

Lenny called Don Edwards one of the original Sons of the Pioneers that sang with Roy Rogers and Dale Evans and sang one of the very first songs all of you remember "Cool Water" and "Tumble Weed". Of the girls he's also handsome. He lives on West Palm Beach and at a special appearance heard the 21st century perform. He divided them to come to Nettles Island as a fiasco to Lenny. There were three boys and two girls ages seventeen through seven year old girls and really sing, what a doll. Lenny asked the drummer to start on stage to help back up the other acts and he did a marvelous job especially since the young cat is used to rock and roll music and the other performers did the old country songs. I wore them out a standing ovation.

Then from Ft. Pierce Claude Ely sang and played the mouth organ and did some very funny jokes. He played one mouth organ that was also a kazoo on one song and played it without hands. He just recently made a picture with Jackie Gleason and has been on the Jack Benny show.

All the sweet people that performed for us, Ruth Hoxie, she's been in show business for 50 years and plays the piano a lot more now. She has been working for what is left of vaudeville and has been on the Ed Sullivan show. Ruth has performed many times with Liberace and has played for all people. Make room for the piano players, Liberace.

After the show we adjourned to the Dolphin Den and played the bells for a while. Lenny, Claude and Ruth were all older than I and they knew a wonderful program of years ago.

Needless to say I was greatly appreciative and we invited Lenny and Inge to come to our show and give us a hand at the Theatre of the Hoxie. This show was to appear on Nettles Island on the bottom of our beach.

The show was supposed to open last night. Needless to say it was a smash hit.

We have had a wonderful time with Lenny and Inge and I'm sure they will be back as guests and maybe bring a group of their friends from Northern Florida with them.

This week I had a number of very interesting people to interview and I'm sorry that I couldn't get to all of them. Next week I will have more time and will be able to interview them.

Ruth Hoxie is a very interesting lady. She has been in show business for 50 years and has been on the Ed Sullivan show many times. She has been working for what is left of vaudeville and has been on the Jack Benny

Lake Manor News Notes

BY SYLVIA SIMAN
334-6792

A wonder of wonders reigned at our Christmass pot luck last Thursday night in our rec. hall. The most gorgeous decorations to date were planned by Doris Tucker. Her very capable committee consisting of Edna Eastman, Madeleine Balfanz, Bernie Dubuque and Kate Brumley made very pretty trees for table center with sprays of bougainvillia. Palm sprays were used at windows and posts along with bells and bows. In the center of the hall a very beautiful gold chandelier made by Doris Tucker was hung. The tree was also beautifully trimmed by Mildred Mullen, Elsie Schoeneman, Edna Eastman and Doris Tucker. Arrangements on piano were gold angel candleholders by Harriet Lynn, gold center piece by Margaret Rosengarth, creche by Sylvia Siman.

We are also very grateful to Jenny Stuart for the copying of the carrols.

The wide variety of delicious, delicious, beautiful food was enjoyed by all and the men did their share helping their ladies pour coffee.

Before the meal a newly formed quartette led by Willard Morgan beautifully sang, "How Great Thou Art." Then grace was given by Lee Tucker. Song was suggested by Doris Tucker. After the meal Willard introduced our new folks Marion Burke, Bob and Katherine Pal. Brice. Announcements were made and a poem entitled "The Solitary Life" was read by Sylvia. Then Willard distributed some of his quick wit and humourism which we all enjoyed.

We then sang numerous carols and songs to the delight of all. Many went away stating "it was the best time we've ever had. But I guess you'll just have to be there next time."

Mini-theatre time is done and gone. The streets of New York was an unqualified success both to the cast, crew and the audiences. But oh am I glad it's over. So much work, hard work goes into one of these plays. I find all my energy goes into the theatre and after the months hard work we better get going on the housework.

D & M News Notes

MILDRED STINNETT

Christmas brings greetings from friends far and near and those from Barnes and Esther Kaiser were particularly welcome. I quote: We look forward to getting the paper and the D & M news is a nice chat with you and we are glad to hear about every one. Charlie had his neckup Dec 3 and the doctor said he is doing fine.

The west we have experienced the worst storm ever known. Most of the state that are was without power and telephone service. The newspaper stated it would be two weeks and perhaps more before service can be restored. Many areas where we live has service but rural districts are out. We are without long distance service and repairmen are needed to repair the lines. Just accept it as the way it is and look forward to an early spring.

Hope everyone had a very Merry Christmas. Now to get ready to celebrate the new 1974. Pray that it is better that 1973 has been.

Everyone here has been visiting friends and family and neighbors to wish them the season greetings.

We received a letter from [illegible] Austen, who is visiting her daughter's family in Tuxedo, N.Y. She writes the weather is miserable and she misses cooking and baking and is being eaten by her three grandchildren. She said it was finished. She said she was [illegible] like. She also said she was dressed [illegible] Eskimo and was still freezing. So with our cold wave I'm sure she is glad to get back here. We really miss her and will be glad when she gets back. She [illegible] the 15th or 20th of [illegible] Regards to Louise from all of us.

We sell books, maps and charts.

We specialize in selling just books, maps and charts so that we can offer you the best selection and service to be found. To offer you this wide selection and personal attention we are sales agents for:

U.S. Geological Survey offering topographic maps of all areas of Florida and the United States.

U.S. Department of Commerce offering Nautical and Aeronautical charts and publications of and about U.S. and adjacent waters.

U.S. Naval Oceanographic Office offering nautical charts and publications of and about the world's oceans.

You won't find newspapers, nor greeting cards, nor sunglasses, nor camera film or any of the many items sometimes associated with the sale of books.

We sell books, maps and charts.

We don't try to compete with the many merchants who sell those so-called bookstore-related items.

So if you're looking for a book, map or chart, come see our selection at Valentine's Bookshop 129 East Ocean Boulevard in Stuart.

We sell Books, Maps and Charts.
